EOL20170327

### End of Life (EOL) Notification

The recent acquisition of the Micrel semiconductor foundry in San Jose California by Microchip Technology Inc. has forced Silicon Power Corporation to relocate its SolidTRON semiconductor manufacturing to another Microchip owned foundry. All SolidTRON products will be affected by this change of location. At a minimum, some will undergo a mild design and process change to accommodate the new foundry and packaging changes while others will be scheduled for EOL. This document serves as formal notification that Silicon Power Corporation is initiating the EOL process for the specific SolidTRON products listed in Table 1.0.

These products are in finite supply and we project that demand will rapidly exceed this inventory. Please also be aware that it is expected that orders for this inventory may be subject to the Defense Production Act of 1950 and its implementing regulations at 15 CFR Part 700, which may in turn impact the delivery schedule and availability for these items.

We are now accepting RFQs and orders against this remaining inventory.

**Table 1.0 Products Scheduled for End of Life**

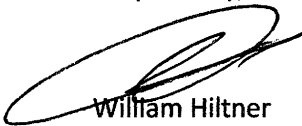

Part Number	Final Unallocated Inventory	Suggested Future Silicon Power Replacement	Expected Introduction of New Product
*VCSFF05N14A11	*27,000	SP205-01	9/1/2017
SMCTTA32N14A10	***5,000	None	N/A
SMCTAA32N14A10	**5960	SP245-03	2/1/2018
SMCTAA65N14A10	***4,000	None	N/A
CCSTA43N40A10	8000+/-1000	SP295-01	11/1/2017
CCSTA14N40A10	0	None	N/A
CCSSC14N40A10	16	SP315-01	TBD

\* Unpackaged dice still subject to assembly and test loss. May be designated/tested VCSFF05N14A11 or VCSFF10N14A250 pending approved customer order.

\*\* Qty. shown equals packaged but untested product. Estimated yield equals 5400.

\*\*\* Additional dice (~5000 untested) are in process. Probable overall yield will be published once known.

Respectfully,

William Hiltner  
 General Manager
